

TRIATHLON CANADA - WORLD CHAMPIONSHIP QUALIFYING SPOTS

Please note, due to recent Triathlon Canada changes to qualifying procedures, only one (1) qualifying event will be awarded to each province in each discipline (Duathlon/Short/Sprint/Long). One "spot" is defined as one qualifying spot in each and all of the 5 year age group categories.

Please read the criteria carefully before submitting an expression of interest. Bids will be accepted on a first come, first serve basis, to those events in good standing without any outstanding fees from this (or previous) years.

1. All qualifying spots are for the 2013 ITU World Championships. All qualifying events are to be held in 2012.
2. The organizing committee of a qualifying event must produce results based on 2013 ages to determine qualifying athletes.
3. Deadline for submission is December 1st, 2011 - NOTE, bids are accepted on a first come, first serve basis.
4. Associated Triathlon Canada fees must accompany all bids.
5. Spots unclaimed after December 15, 2011 will be distributed to interested PGBs.
6. Participants from any province in good standing with their triathlon PGB, prior to the start of the event, may qualify for spots.
7. AG qualifying spots may not be combined with another province to host an event that may compete with National Championships.
8. AG qualifying spots must be awarded at a competition similar to the competition being qualified for (distances may vary).
9. AG qualifiers must be provincially sanctioned events.
10. The LOC will distribute the team registration information in the race kit or post on their website.
11. An AG qualifying event may not be held on the same weekend as the National Championships for the same event type.
12. Spots are also available for Cross and Winter Triathlon. Contact TriCan for more information.
