ANNEXE 1: Authorised Pedal Systems for Ages 11 and under.

Most manufacturers produce a pedal system that clips in and is usually used for mountain biking or cyclocross. The principle characteristics of these systems are:

1. A Clip set into the sole of the shoe to facilitate walking.
2. A pedal that can be clipped into from both sides of the pedal

These systems are also frequently used in road bike races and are the only ones authorised for ages 11 and under in triathlon. The Triathlon PSO favours no one company over another, the photos are used for example only.
